## Objective

Motivated Software Engineering student with hands-on experience in full-stack development. Passionate about building scalable web applications and learning modern technologies. Seeking opportunities to apply and grow my skills in a professional environment.

## Experience

### Freelance Full-Stack Developer

Private Client — Jan 2025 – Apr 2025

- Developed a full-stack stock management system for a private client using React, Chakra UI, Node.js, and MongoDB.
- Built features for inventory control, customer management, and product sales tracking.
- Implemented secure authentication and role-based access for admin and sales staff.
- Ensured a clean, responsive UI and seamless interaction between front-end and back-end components.

### Intern Full-Stack Developer

Addis Systems — May 2024 – Oct 2024

- Collaborated with a team to build a web platform featuring a customer dashboard, admin dashboard, and landing page.
- Contributed to front-end design using modern UI/UX principles.
- Reviewed code written by peers and assisted in maintaining code quality and standards.

### Intern Full-Stack Developer

Perago Systems — May 2023 – Aug 2023

- Developed a full-stack employee management system using Angular for the frontend and NestJS for the backend.
- Integrated MongoDB for data storage and implemented CRUD functionalities.
- Gained hands-on experience in Agile development and Git version control.

## Education

Bachelor of Science in Software Engineering

Addis Ababa Science and Technology University — Sep 2021 – Present

Expected Graduation: July 2025

Relevant Courses: Web Development, Data Structures and Algorithms, Software Design Patterns

## Technical Skills

- Languages: JavaScript, TypeScript, Python
- Frameworks: Angular, NestJS, Express
- Databases: MongoDB, PostgreSQL (basic)
- Tools: Git, Docker, VS Code, Postman
- Other: RESTful APIs, Agile/Scrum, Unit Testing

## Soft Skills

- Strong communication and collaboration
- Critical thinking and problem-solving
- Time management and adaptability
- Code review and constructive feedback
